

Municipal Hospital Scheme Abandoned

Financial Stringency Chief Cause

At a meeting held in the City Hall, Calgary, on Thursday, November 3, and attended by representatives of the municipalities, towns, villages, etc., within the boundaries of the proposed Calgary Hospital District, it was agreed to discontinue the district.

The chief reason given for the discontinuance of the district was the stringent financial conditions at the present time, and the decision was arrived at practically unanimously.

Objection was also taken to the scheme on the ground of its being unwieldy and uneconomical, and Mr. A. K. Whistler representing the Department of Municipal Affairs, stated that the Department would not be prepared to go ahead with it as at present constituted.

Mr. W. M. Galloway, Keoma, presided. Mr. Peter Chalmers representing M.D. Bow Valley, and Mr. John Mackenzie the Town of Strathmore.

The abandonment of the large scheme leaves it open for any district within the former large district to take advantage of the Municipal Hospital Act, and establish hospitals wherever the times are propitious for a vote.

THE BOW RIVER VALLEY

Often in the night whilst herding, silvery voices I seem to hear, calling to me over the prairie, to vision your face across the air. Ah! the days we rode together, Rockies gleaming in the west. Down by the Bow River Valley, With the girl that I love best.

The good old times are over, The numbers days are done, No more will I hear the rattle From down yon setting sun.

For the steady march of progress has changed the golden west, Down by the Bow River Valley, The days that I love best.

So near I'll ride the prairie As I did in days of yore, The numbers are all passing, The old times are no more.

So now I'll saddle my broncho And travel further west, Far from the Bow River Valley, And the girl that I love best.

P. C. Bissett, Carleton Place.

Liquor Investigation Causes Much Excitement

Mayor Suspends Night Constable And Council Re-Instates Him.

Mayor's Action Fiercely Assailed by Ratepayers

In last week's issue we devoted some space to a report of a Council meeting held on Tuesday evening last, when the action taken by Constable Mulvihill in reporting a case to the Attorney General and Inspector Brinkley, Alberta Provincial Police, was discussed.

The controversy originally arose from an arrest made by Constable Mulvihill, A.P., and Constable Mulvihill, on Friday evening, October 21. Two bottles of whisky were found in the car standing outside the King Edward Hotel, and the driver of the car was arrested. The liquor was left in the town hall, and the second man was taken before Mr. J. W. Lamb, J.P., and released on a \$25 bail.

The following day the case was brought down by Constable Mulvihill on application to Mr. Lambert. The bottles disappeared from the town hall the same afternoon, and the investigation was made by Constable Mulvihill at Tuesday's meeting. It had been taken from the Constable Mulvihill to a room in the King Edward Hotel.

Inspector Brinkley investigates. As a result of the investigation, Constable Mulvihill, Inspector Brinkley came to Strathmore on Thursday afternoon, and conducted an investigation into the circumstances. This inquiry was not open to the public, only the parties interested or invited being present, but the report was that the original charge against the citizen named Mulvihill had been withdrawn, and was to be renewed at a later date, and this will take place shortly.

Mulvihill Suspended

Mr. Lambert stated at the Council meeting that some evening that Inspector Brinkley had stated to him that Constable Mulvihill had been a party in the action he noted, but had been somewhat over-zealous.

Following the inquiry, which was conducted about two days later, Mayor Lambert suspended Constable Mulvihill.

Many Attended Council Meeting

A Council meeting was called for the same evening to consider the Mayor's action, and when eight o'clock struck the Council Chamber was crowded with a number of citizens, while many more could not get into the room, but had to be content with a place on the area and stairs. There were probably about a hundred persons present.

Mayor Butler Explains Action

Mayor Butler, in explaining, said that the meeting of the Council had been called to consider his (the Mayor's) action in suspending Constable Mulvihill. (Continued on another page)

Craigantler District Yields Big Returns Under Irrigation

H. W. Wood To Speak At Strathmore

The citizens of Strathmore and district will have the privilege of hearing Mr. H. W. Wood, President of the United Farmers of Alberta, speak here on Saturday afternoon. Details will be found in our advertising columns.

Mr. Wood is one of the main forces energizing Canadian thought in this election, and the exposition of his views on the question before the voters will be very informative. A great deal of misrepresentation exists as to the term "group government," and the relations between Labor, Farmer, and other political parties.

Wm. Irvine Speaks on 18th inst.

Wm. Irvine, the Labor-Farmer candidate for the Federal Constituency of East Calgary, will speak to Strathmore citizens on Friday evening, November 18, in the new Memorial Hall. Mr. Irvine is a forceful and eloquent orator, and will be well worth listening to.

Hugh Miller Withdraws

Mr. Hugh Miller, who was put forward as a candidate by many electors, has decided to withdraw, owing to not having the time to devote to politics from his business, much to the regret of many in the district, who know him as one of the hardiest citizens.

Mr. Miller writes us, that while withdrawal from the contest, he holds the interests of the returned men and of the agricultural class at heart, being a veteran of the South African War, and having farmed in the district for twenty-five years.

Meetings in District

A. L. Smith, the Government Candidate speaks at Irricana and Ardenode, while Wm. Irvine, who has the following program for next week:

NOVEMBER 16-Dalemead, 2 p.m.
 Carleton Place, 8 p.m.
 NOVEMBER 17-Stratford, 2 p.m.
 London, 8 p.m.
 NOVEMBER 18-Cheddie, 2 p.m.
 Strathmore, 8 p.m.
 MONDAY, Nov. 14-Sevenshire Schoolhouse, 7:30 p.m.

By themselves, would, he thought, have made 80 bushels per acre.

Quite a large number who irrigated, and Mr. Grant that their yields went from 25 to 40 bushels wheat per acre, which speaks very well for the district, and for the industry of the farmers residing in it.

A group of pretty children aboard a C.P.R. liner on the way to Canada.

The flow of child immigrants into Canada has started again, after its complete cessation during the war. The recent arrival at Quebec, on a C.P.R. liner, of several hundred boys from the Barnardo Homes of London, draws attention again to this important and desirable stream of immigration.

Even earlier than this, the number of child immigrants have entered the Dominion since the first of April, 1914, over two thousand a year, and the country, the number of which was high water mark in one year.

How These Child Immigrants Came

The first of these child immigrants came from the Barnardo Homes of London, the National Children's Homes, in which, as orphans or semi-orphans, they are reared, cared for and trained for their adult lives. They are, for the most part, physically, mentally and morally well, and are sent to Canada and then only after a thorough investigation as to the character of the homes to which they are to be placed. Young boys and girls, the last of these who came to Canada following the cessation of immigration, are now being sent to their new homes, making them a little more than a hundred.

The children are not sent to the orphanages in these Old Country Homes, but the selected families are recommended to the Canadian government. On landing, they are first taken to one of the more or more, Caring and Discharge Homes, to be found in the child cities. This means that the shelter of the child immigrants in foster homes is conducted with

Opening Of Memorial Hall November 17

It is fitting that there should be commemoration of the date of the termination of the war. As far as we know, there will be no special function locally on Armistice Day, November 11, but on November 17, Strathmore War Memorial Hall will be opened, having been closed for the past two months for plastering and finishing of the interior.

The Hall was officially opened on July 15 of this year, but at that time only the exterior had been completed. When the cold weather came, therefore, the hall had to be closed again until such time as the necessary funds were secured to provide for its fitting and heating.

The generous response made by the people of the whole district, during the financial straits, has enabled the committee to be able to do so, so that the hall can be used in all weathers. It had been hoped to have the opening ceremony on Nov. 11, but owing to the weather was postponed to the date when it is now being finished, the ceremony, now being finished, and the hall can be used in all weathers.

An Open Night

Evening on the 16th and evening on the 17th, there will be no charge for admission, the only request being that the ladies bring something for the supper.

At present the details are not all arranged, but there will be a big supper, music, and addresses by invited speakers.

The latter portion of the evening will be taken up by an important date.

Wear A Poppy

Today of this week is Armistice Day, and in commemoration of the men who died, poppies are being distributed by the members of the Ladies Auxiliary, Strathmore G.W.V.A., at a small charge.

The poppies have been made by the orphan children of devastated France, and the proceeds of the sale sent to them, while a certain proportion is being retained in Canada for the benefit of widows and dependent men of men who died, and to relieve their necessities.

Poppies will be for sale all week at local stores, and in FRANKLIN'S FIELDS in the heart of town, the people know.

Between the evening, now on the 16th, and the 17th, there will be a big supper, music, and addresses by invited speakers.

IN FRANKLIN'S FIELDS

Between the evening, now on the 16th, and the 17th, there will be a big supper, music, and addresses by invited speakers.

IN FRANKLIN'S FIELDS

Between the evening, now on the 16th, and the 17th, there will be a big supper, music, and addresses by invited speakers.

DESIRABLE CANADIANS

English children who recently came to Canada on board the "Empress of France". Their names are: Thomas Marchant, Howard Sydney Ashwin, John McCreneil, Lawrence King, Edwin Coleman and Billy Coleman.

DALEMEAD DOINGS

The Community Social Evening held in the Hall on Thursday, the 27th, was a great success. The Hall was well filled, with practically every line in the district either fully or partly represented. A good programme had been prepared, and every number was well received. The evening ended with a labor picture showing competition, with Mrs. Wheeler and Mr. M. M. King, the winner, and a bunch of doughnuts and pie.

Though a session of February 29, it was the first time that the Blacksmith, Mr. J. Bunyan, and an appearance as an artist. Those who expected something good from him were surely not disappointed. His "electronic" girls proved to be of an high order. It is not often that a rural community can have such talent, and we hope we shall not have to wait so long for some of the same stuff. The whole evening reflected great credit to all who were in any way responsible for its entertainment.

Charlie and Anna McKinnon returned from Bassano on Thursday last with some four hundred cattle from their newly acquired ranch.

Next Sunday, being Thanksgiving Sunday, the Service at the hall will be in keeping with the occasion. Special choir music will be given, and good service is anticipated. The Rev. Mr. Matheson, of Gleichen, will be the special preacher.

On Monday evening, the 21st, Mr. and Mrs. Roy Wheeler gave a women's (?) roast at their home, at which nearly all Dalemead were present and had a thoroughly enjoyable time. While the fire, under the direction of their Casey, was getting under way, the young and spry ones indulged in various games on the tennis court grounds. The real sport began when the dogs began to get hot, and the pups began stealing them. No wonder it is that a woman that can cook and roast tastes better than any you taste yourself. May be. The ladies brought on the coffee and cake, and a very enjoyable evening was brought to a close, that is as far as that function was concerned. About that time, sooner or later, considerable activity in other parts of the community were reported later, but we shall have to leave it to those concerned to give the details.

The Masquerade dance at the Hall on Friday evening, the 4th, was well attended and all reported a good time.

Christianity And The Basic Industry

An Address on the Ideals of the Organized Farmers Delivered on U.F.A. Sunday

A U.F.A. Sermon

The following is an outline of a sermon preached by the Rev. Mr. Wilson, of the Methodist Church, Strathmore, on U.F.A. Sunday, and published in the Grain Growers' Guide, the farmers official organ.

"A suitable scripture text for this occasion should be Phil. 2: 4. Look not every man on his own things, but every man also on the things of others or that familiar passage in Gal. vi. 2. Bear ye one another's burdens and so fulfill the law of Christ. President Wood of the U.F.A. writes: 'So firm is the faith of the U.F.A. in the principles of Jesus that they are convinced that a departure from these would be to mean defeat. This is a very appropriate basis for our address.'

"Evidently this association believes with the church that the practical application of Christian principles would bring reforms and conditions for which both are earnestly striving. The U.F.A. is very positively and definitely with religion as a power which we itself against wrong, seeking to eradicate evil through establishing justice and equity in human relations."

Church Welcomes Co-operation
"We gladly welcome the recognition of such an organization, whose fundamental principles are Christian, and whose aims are to promote just and favorable conditions as that for which the church strives. It is the church's duty to further the aims of the common principles and aims of this association and the church and efforts to encourage such efforts in united aggressive movements to fulfill the prayer 'Thy kingdom come,' and holding such a service will lead to a fuller co-operation in the earnest contention for a better day for mankind it will not be in vain."

"According to the U.F.A. principle it is a vital brotherhood, members being expected to extend fraternal care to one another in sickness, misfortune or distress, thus fulfilling the Pauline injunction, 'Bear ye one another's burdens and so fulfill the law of Christ.'"

U.F.A. is Worthwhile
"Listen to this quotation from a U.F.A. writer. 'The united farmers' movement is the most powerful agent for the furtherance of the kingdom of God on earth.' This statement does not even except the church in its influence."

"The U.F.A. and U.F.W.A. are about 25,000 strong, this being only about half of the farmers of the province. When we consider the past achievements and the hope of better things to come, it behooves every farmer to link up with this organization, and make it doubly strong. The principles of its constitution and its practical methods of securing better conditions should appeal to all individuals and classes. An organization whose motto is 'Equality—equal justice to all and equal privileges to each' whose aim is mutual improvement, towards leadership and co-operation against harmful conditions whose influence is to further educational privileges for home and community and whose desire is to cooperate with the church in building real relations out from town to the market place and field—such organization is most worthy of support from every farmer and lover of true and righteous progress. Modern commodities are suffering from class divisions, but we do not believe that U.F.A. is so narrow in its privileges, but is out to get a fair deal from all classes."

"It would be perilous for the church to become identified with a single class or group with indifference to others. But it is incumbent upon the church to consider the needs and rights of all."

"Christianity has a vital message for all classes, to assert humanity in all its activities. I claim the church must be an ally with any or all groups having the cause of righteousness in view. The U.F.A. having so many aims in view that are in common with Christian principles, we would not only admire and commend but heartily share our full co-operating force to assist in securing such splendid reforms and conditions."

Benefits of Organization
"The benefits sought by the U.F.A. are along four chief lines:

"1. Financial. To the farmer this is proved of more value than the small cost of membership. The cooperative buying and selling is

legitimate and profitable."

"2. The moral value of this organization is manifest in reforms and justice secured."

"3. The social life of farm co-operation has gained much and will gain much more."

"4. The greatly improved legislation in the province can be attributed largely to U.F.A. organized efforts. 'Success has been attained and further success is hoped for by persistent and just new methods along four general lines:'

"1. Organization. It was within the farmers' right to organize, as is recognized by the law. Through years of organized efforts show a marked achievement, with a clear record."

"2. Education in higher ideals, in more intelligent efforts and a training in leadership for public service, in achieving astonishing results. Ability and talent is being discovered. What is setting the farmer in the forefront to direct community and nation efforts for human welfare."

"3. Cooperation is another just and powerful instrument by which the farmers have succeeded in securing rights long coming to them. It has been proved they can consume in many ways more than in cooperative buying and selling. They can combine together on great losses regardless of parties."

"4. By peaceful and rational ways this organization has been the means of changing the laws so as to be fairer for all classes."

Hope for the future
"The farmer has been hard hit in late years, but yet is conquering. There is reason to hope for recovery."

through the help of a compact organization. (c) There is a hope of saving the farmer from bankruptcy, from impoverishment and ruin. (d) There is hope that the farmer will still be a grower in the establishment of human justice and social well-being. While these several wellspring of success in past endeavor shining through his being the Alberta farmer may see himself playing the active part of a citizen in achieving financial, moral, legislative and political progress."

"1. He saw opportunity and is seeing his opportunity towards efficient citizenship."

"2. He saw a conflict—a conflict between greed, selfishness and ignorance, of the powers of political, economic, and social forces."

"3. He saw the obstacles which block the way of progress."

The kind and size of newspaper you have in Strathmore depends largely on the amount of advertising revenue.

In advertising in the Standard you are helping your town, your business, and your newspaper.

YOU CAN GET 150 MORE FOR A BUSHEL OF WHEAT

That Is What You Can Do Provided You Take Advantage of Our Offer

We have made arrangements with the E. H. Hoach Co. Limited who publish the CANADIAN POWER FARMER whereby we are able to offer that farm magazine together with our own weekly at the one price for both papers.

The CANADIAN POWER FARMER is Western Canada's biggest farm monthly. It is now in its twentieth year which means that it is thoroughly established throughout the West. It deals with the mechanical side of the farm. Every issue is full of helpful hints and experiences on the operation of all kinds of farm machinery from a washing-machine to a tractor. Its editor has just completed a trip of several months over Western Canada in a motor car for the purpose of studying the mechanical needs of the farmers. He visited the farmers, lived with them and worked with them. The results of his trip will appear during the next twelve months.

This offer may be withdrawn at any time. Without doubt your intention is to receive this weekly, then why not take advantage now. Your subscription to this weekly together with the CANADIAN POWER FARMER, subscription to THE weekly alone. This is where you make \$1.50 on a bushel of wheat.

Mail your cheque or drop into our office the first time you are in town.

SMITH For East Calgary

CHEADLE NOTES

An enjoyable dance was held in the school Friday.

Mr. and Mrs. R. B. Doo have moved to Calgary for the winter.

Mr. and Mrs. P. W. P. Kild, spent the week end at the Frank Smith home.

A Halloween party was held at the Fraser home, dancing being enjoyed until a late hour. A delicious midnight supper was served. The guests were: Mrs. Towner, Mrs. Towner, Mr. Pepley, C. Stockfield, A. Haley, Mr. Doe, G. Lavorn, H. Lamsen, N. Allen, Mr. and Mrs. Bob Allen, Mr. and Mrs. Naval, Mr. and Mrs. Huelshewer, Mr. and Mrs. McNaught, Mr. and Mrs. McKinnon, Misses Flackish, C. Wright, R. Wright.

ARDENODE NOTES

A very successful bazaar was held in the Serviceberry Schoolhouse in connection with Ardenode C.F.W.A. local, on Friday 28th. The school house was tastefully decorated, in Halloween colors. Special music and dancing were enjoyed by a crowded audience. The whole thing was a very pleasing and delightful event.

The next meeting of Ardenode C.F.W.A. is to be held at the home of Mrs. Seeley to discuss Christmas trees, November 28th.

Miss Conley and Mr. Bill Conley motored over from Leduc for the bazaar and spent the weekend with Miss Gohard.

Mrs. J. Seeley, Mrs. H. Gohard, Mr. H. Gohard and Master Willie Seeley motored to Calgary last Tuesday.

Calgary, Alta.—To date nine cars of wool have been shipped through Calgary to the Toronto market by the Alberta Sheep Breeders' Association. This wool was received from 250 sheep breeders in Alberta, whose contributions have totalled, amounting over 180,000 pounds for the season.

IRRICANA NEWS

Mr. H. Leonard spent a few days in Calgary last week.

Mrs. Nason and daughter Vera, have gone to the coast where Mr. Nason has been for the last month.

Mr. Pickett and Mrs. Nason returned to Calgary last week.

Miss Wilma Nason who is attending school in Calgary, spent the week end with her brother, Mr. Sam Nason of Irvine.

A number of young people from Irvine attended the dinner at John's on Monday evening.

Mr. and Mrs. George Cate, Mrs. Chapman, and Mrs. Griffin motored to Calgary on Saturday.

Mr. and Mrs. Lintley are going to the coast where they will probably make their home.

Mr. Cole has been on a hunting trip near Rocky Mountain House.

Mr. Frank Ewing motored to Calgary last week.

The C.F.W.A. held a carnival on Thursday evening for the purpose of raising money to buy a flag for the Irvine school.

A shooting contest was held in the afternoon. The programme for the evening proved very interesting.

A number of tableaux representing popular songs were shown. The proceeds amounted to over \$125.

Mr. R. Robertson was called suddenly to Calgary on Saturday morning, having received word at the death of his little brother, Donald, who had been ill with scarlet fever for some time.

Calgary, Alta.—During the past week the aerial patrol, established by the Air Board at High River, has helped its existence by reporting no less than seven incipient bush fires in the province, with the result that serious conflagrations were averted. Thanks to the quick discovery of these fires little or no damage was done.

Strathmore Hospital
Operates Successfully

The announcement of the proposed three hospital scheme for the districts surrounding Calgary leaves the position as regards this district exactly the same as it was twelve months ago. The effect of the large scheme had been to hold up any scheme for the putting of the local hospital under control of the municipality, from which its patients come, as the former scheme called for a substantial grant at Strathmore.

However, the Strathmore Hospital for the past year has shown very satisfactory results. It has been a great boon to the sick throughout the district for a radius of many miles on each side of Strathmore. The permanent staff at present consists of Nurses MacKenzie and Hunt, and a housekeeper.

From the report of the operations from January 1 to June 30, 1921 is sent in to the Provincial Government. We learn that in that period there were 729 patient days, an average of about 14 patients per day. The total number of patients in that period was 77. The proportion of maternity and emergency patients were about evenly balanced. Financially the hospital had been almost breaking even, and no appeal has been made to the local public bodies or to the public for funds, though donations of such things as toilet, etc., have been received and gratefully acknowledged.

For the three months of July, August and September of this year the number of patient days was as follows: July 140, August 161, September 164, a total of 465 on an average of between five and six patients per day. Of course on some days the hospital would be accommodating over ten patients, while at other times the number would drop to one or two. The receipts for the three months were \$886.15, of which \$220 still remains to be paid, and the expenditure \$1457.48.

The success of an hospital, however, is not to be judged so much from its result financially as from the service it renders to the sick and the lives it saves, and the work of the hospital this year proves it to be a permanent institution. At present the financial conditions possibly preclude the embarking of the district upon a Municipal Hospital scheme, but the utmost support should be given to the present hospital, and an exchequer made to provide it with the additional equipment which is required.

Of course the expense of a Municipal Hospital is not so great as is popularly imagined, and in the districts now operating, the tax is not more than \$150 per quarter section, and in these hospitals patients pay the rate of \$1.00 a day for accommodation. Credit is due to the nursing staff of the Strathmore Hospital and the Board of Management, especially the secretary, Rev. T. Phillips, for the manner in which they have carried on during the past year, and they deserve the greatest support from the community.

Nightingale
Women's Institute

Mrs. Hilton entertained 29 members of the Women's Institute on November 12. After singing many old fashioned songs the business part of the meeting was discussed. All plans for the community dinner on Thursday 19 were arranged.

The chief topic brought up was "A Teacher's Duty to the Community." Should a teacher be the leader of all social events? Should a teacher be expected to give at least eight hours a day to the school and the community? Should the teacher be the leader of children on the play ground?

These questions were argued and finally every person decided that the teacher should help in anything that was socially uplifting.

The meeting adjourned deciding to meet at the home of Mrs. H. S. Dougan, November 17.

All members are requested to come and bring their friends.

COUNTRY DRV. FARMS.
SELL AT \$10 AN ACRE

This situation exists in south western North Dakota, and south eastern Montana. And with these prices a prospective farmer can purchase a good home for \$10 to \$15, a cow for \$15 to \$20, a binder for \$10, other farm machinery and stock and

The Vital Issue

"What we have to decide is this—Are we going to continue the protective system of this country or are we not? That is the question and that is the whole question. And the great, big, necessary thing is that every voter in this country from the Yukon to Halifax knows that this is the question he or she is deciding when he or she votes in this great contest."

—ARTHUR MEIGHEN

THE vital issue in the coming election—in fact, the only issue—is the Tariff, and to every clear thinking Canadian it should be readily apparent that a Protective Fiscal Policy is absolutely essential to stability, progress and development.

Every important country in the world upholds Protection as an essential economic principle. Even Great Britain—so long the stronghold of Free Trade—has now adopted laws that constitute Protection of the most effective kind. In fact, the present policy among most nations is towards raising their tariff walls, not lowering them. In the face of these facts it would be suicidal for Canada to do exactly the reverse and discard the fiscal system which has been responsible for its progress during the past forty-three years.

Free Trade would mean death to Canadian Industry. It would also result in the immediate closing down of Canadian plants of foreign firms, with consequent additional unemployment. There are to-day 650 American factories alone in Canada. Similar proposed ventures would be abandoned. New capital would refuse to come

to a Country lacking adequate protection and present industrial enterprise would be promptly strangled by foreign competition.

The preservation of the home market by a Reasonable Protective Tariff is vital to both city dweller and agrarian alike—now as never before. More capital is urgently needed for the development of Canada's enormous resources, which will result in a lessening of unemployment and an increased population. More work and more workers will produce an enlarged home market for products of both city and farm, and the exodus of Canadian men and women—and the dollars they earn—will be precluded.

The United States has slammed her trade door in the face of Canadian farmers by adopting the Fordney Bill, and the farmer is consequently now even more dependent upon the home market than in the past.

Yet Cregar asks you to destroy that home market by voting for Free Trade.

King's policy—if he has one—will result in the destruction of the Tariff.

Meighen stands four square for Reasonable Protection—Protection for all the people—and asks for an overwhelming mandate to give both industry and agriculture that assurance which will spell prosperity for all. Individual property depends upon National property. Your personal interests and Canada's very existence hang upon your vote.

Meighen will lead us through

offered in proportion.

These sections of the two states, containing fertile soil, have been hit by unusual lack of moisture in the last five years. With a wheat crop

failure this year and a great drop in agricultural values, many farmers are leaving the country.

But not all farmers. In one section some years ago a few farmers decided

to quit wheat farming. They bought milk cows, going into pure-bred Holsteins as quickly as they could. They put up silos and began raising corn. All have prospered.

Strathmore, Alberta, November 9th 1921

FIX GRAIN PRICES

Wheat, oats, livestock, and other farm products are down to pre-war prices, in some cases even lower than pre-war prices. With so many articles that have to be bought by the public generally still at war prices the situation is serious. Although it is a world-wide condition, that does not help matters much. It will be the main question of the election. If protection is to continue the farmer must share the advantages as well as the disadvantages. There is no prospect of immediate Free Trade. Who should the farmer not insist that as long as he has to pay an artificial price for the articles he buys in order to help the manufacturer and the revenue, his product should be stabilised at a fixed price that will allow of a profit above costs of production. Government interference in prices is not good under normal conditions but while prices of most of the goods bought here are artificially inflated by means of the tariff, why should the prime producer of all wealth, the farmer, be denied a fair living. After all, money is an artificial commodity. The welfare of the world depends less on the supply of gold than on the supply of grain and meat, and if agriculture is discouraged everyone suffers.

LAY YOUR PLANS FOR IRRIGATION

The results of irrigation properly applied, are demonstrated on a large scale by the farmers in the Strathmore district, reported in another column of this issue.

Had it not been for the hail storm which destroyed a large number of promising irrigated crops in the vicinity of Strathmore, there would have been some very good results in this district also.

There is very little moisture in the ground at the present time. Even a heavy rainfall next year would not render irrigation useless. Those who get results this year were those who had their land in shape and put water on in good time. Where water was applied late the results were not nearly so good as where applied early.

Many farmers who did not use water this summer, or who used it only to a limited extent, have stated that they are going to use it to the limit next year. The results of irrigation, properly applied, are too apparent to be doubted.

We understand that the C.P.R. is prepared to give a better service this year than they have had time in the past. This will necessitate an increase in the staff. It will be necessary, however, for the inspecting water user to let his requirements be known in good time. If everyone waits till the land gets dry, some are going to be left dry. Co-operation is necessary between farmer and farmer, and with the Government.

Crops can be raised every year in this country by dry farming methods, and even last year they were successfully raised by many, but when a man has the opportunity of using water he should use it, for the determining factor (in the size of the crop in this country) is the amount of water applied to the soil, whether by natural rainfall or otherwise.

LIFTING THE LID

The lid was off at the Strathmore Town Council meeting held Thursday night, and reported in another column. Enthusiastically everyone with a grievance aired it. From that point of view the meeting may have been a success. It cleared the air.

The meeting should stimulate interest in the coming Municipal Election. If the ratepayers would only take the same amount of interest at election times as they do when some scandal is abroad, the town would be a whole lot more successful than it is even today.

Nine-tenths of the trouble in places where civic matters today is caused by the Liquor Act. The whole administration of it is a ghastly farce. In British Columbia the Government is encouraging the citizens to drink beer in preference to more ardent spirits, and has already, since the referendum, made \$5,000,000 profit on the sale of liquor. A good citizen of British Columbia becomes a criminal when he crosses the Rockies. It is the men who are charged with the attempt to administer the law who are subjected to caustic, often by drinkers and non-drinkers alike. At the same time, a person who is caught in the act of an infraction of the law should take his medicine, and not try to bring influence to bear to evade punishment. This was the cause of most of the trouble last Thursday. While the law stands it must be enforced.

With regard to the Mayor, he was subject to a severe grilling from the ratepayers. He is temperamental, headstrong, and has pressed his view to the limit on several occasions in the past year, even though in the opinion of others it was wrong. At the same time the only man who never does anything wrong is the man who never does anything at all, and there is no doubt that, despite present financial conditions, the town, with its present Mayor and Council has made more civic progress than for several years before.

THE FARMER'S MOVEMENT

NAUGHT CAN STAY

Words and Music by H. W. Gethard

Ardenide

A mighty movement comes our way,

'Tis like the rolling tide:

Some people would its progress stay,

Or turn its course aside.

As soon would they the tide at bay,

Or quell the ocean's roar.

We seek for one and all fair play.

'Tis just our right, no more.

CHORUS:

The farmer's movement naught can stay,

While we keep one and to view.

Justice shall be our one and only guide.

As our journey we pursue,

And if our country should upon us call;

When comes the next election day,

We will not forget "Equal rights for all!"

Should be our motto all the way.

A brilliant light spreads forth its rays

O'er all our fair domain.

Revealing to us better ways

Than those of selfish gain.

A life of love and brotherhood.

Where every living soul

Unselfish seeks another good.

With justice in control.

If little drops of water, and

Live grains of sand,

Make the mighty ocean

And the pleasant land

Why wouldn't it?

A little drop in price

For what we have to wear and eat

A little raise per bushel for

Our eggs, and oats, and wheat;

A few more cents a pound

For those steers we have to sell.

Make our stock kills seem much

lighter.

And our bank deposits swell.

STRATHMORE'S DEPARTMENTAL STORE

Local Bettings

OF LOCAL INTEREST
Readers are requested to send in items for this column not later than 12 o'clock Monday noon preceding day of publication. All local news items are welcomed by the Standard. Phone 17 or 68

Due to the break in the week, Sunday, the golf tournament which was to have been held on Monday, has been postponed to a more favorable occasion.

An enjoyable dinner was held at the Opera House on Monday evening.

A daughter was born to Mr. and Mrs. G. F. Butler on Thursday morning at Strathmore Hospital. Both mother and child are doing well.

The Canadian Government desires that all work should be stopped in Canada from 11 a.m. till 11.2 a.m. on Friday, November 11, in honor of the Armistice, which took effect at that time three years ago.

A dance will take place at Abundant School on Friday evening, November 11th.

The Government regulation re issuing of marriage licenses through a special official only applies in the cities. In towns and villages, same conditions apply as before, and locally Mr. B. Davis still issues the necessary papers.

Wear a poppy.

As will be seen from our advertising columns, a sale of short-horn cattle will be held at the Estate Farm, Olds, on November 21.

Twain boys were born to Mr. and Mrs. John Diers, Carleton Place, on November 6. All doing well.

Mr. Harlow Brown continues to make steady improvement though still in hospital.

Mrs. Frank Seales returned to Strathmore yesterday after a successful operation.

Local Ladies Auxiliary G.W.C.A. are arranging for a social evening on Friday, November 11. Everyone is welcome and it is hoped a good crowd will turn out to celebrate Armistice Day. Supper will be served. White dress and dance. Admission 50 cents a pair. If you cannot pay cash, or dance, come and see the display of beautiful reproductions of world famous pictures. Oldfathers' Hall.

Biggest dollar's worth ever—Children Supper and Concert, Thursday, November 24th by ladies of the Church.

Strathmore Women's Institute will meet at the home of Mrs. W. C. Tucker on Wednesday, November 15, at 2 o'clock sharp. There will be a social evening with supper at 6.30. Everybody is invited, don't say away because you are not a member. Come and have a good time. Mrs. Hall, from Ardmore, will give a solo. Mrs. Booth, from Ardmore, will give a reading. Have your fortune told free. Bring your husbands. Everything free.

The annual meeting for division of officers at Strathmore G.W.C.A. will be held in the Municipal Hall on Tuesday, November 15, at 8 p.m. Every citizen is urged to be present.

Look up the label on your subscription and see if you are paid up. The figures after the month are the last two of the year to which you are paid.

WEDDING
Merrill-Jones
Thanksgiving Day and the first snow caused wedding bells to ring and on Monday a fine day of the wedding of the bride's parents, Mr. and Mrs. G. A. Jones, of Ardmore, and Miss Margaret Jones was united in marriage at Mr. George Hodge's home on Monday at 4 p.m. of the residence of the bride's parents, Mr. and Mrs. G. A. Jones, of Ardmore, the bride, Miss Margaret Jones, was united in marriage to Mr. George Hodge, by Rev. Theo. Philip, of Strathmore, in the presence of a large company of children and friends. After the signing of the register and consecration were completed in the bride and groom, all sat down to a grand wedding feast of varied delicacies from most turkey to mince pie, and even after the onslaught of the large company, the newly-laid table showed slight signs of the attack. The many presents received by the bride was a token of her high esteem and popularity in the community. Our best wishes of a long and happy married life is extended to this young couple.
The Union Church services were held in the Presbyterian Church while decorations and repairs are being made in the other church.
Children, but, of course, seldom, who found their last resting place in their home land are to have their names marked by headstones at Canadian graves. (Before the thousands of these immortal ones have already been placed by the War Office Commission in Montreal, Toronto, Winnipeg and other cities.

Facts Regarding The Grain Business

—O—
By CHARLES DIBBETT
(Special to the Standard)

Article No. VII

Cars and the Car Order Book

The regulations and the sections of the Canada Grain Act in reference to the ordering of cars at elevator points are of paramount importance to the shippers of grain.

One of the most important reasons for the importance of this matter of ordering cars at country points was one of the initial problems taken up by the Canadian farmers in the early days of their organization. The result of this work on the part of the farmers is shown in the different sections of the Act pertaining to the matter.

The principle underlying the sections of the Canada Grain Act in reference to the Car Order Book, is very simple to understand. Every shipper of grain is on an equal footing whether he be a small or large producer, small or large elevator operator, or truck buyer. Prospective of the size of the farm or the size of the elevator, each shipper is entitled to one car in turn and each shipper of elevating operations can only have his name on the Car Order Book once at a time for a car.

The following are duties of the Railway Companies in connection with the supplying of cars: At each station where there is a railway agent an Order Book for cars shall be kept and this Order Book must be in the form prescribed in the Canada Grain Act. It shows the date, the order number, where the car is to be placed, the capacity of the car, the destination, and a declaration to the effect that the person ordering the car is the actual owner of the car, but it is not to be used during the business hours of the day. The book must be kept open and the railway company must enter on it daily in a conspicuous place the number of cars awarded, and in the case of the railway company it is the duty of the company to keep the car for the shipper for a period of 60 days after the cars have been awarded.

Each shipper of grain must carry out the following provisions: He may order a car according to his requirements provided it is of standard size. He can appoint any agent to order a car for him but the agent so appointed must not be an employee, agent, or owner of any elevator, or grain company. This agent can only be licensed by the Board of Grain Commissioners. Many farmers appoint their neighbors or friends or other people in town to act as agents in this regard. When a car is placed at an elevator siding or loading platform the shipper must load the car within the next 24 hours. If he has been notified that the car has been placed and he does not commence to load the car within 24 hours, he has lost his turn on the Car Order Book. The search for this is obvious. During the busy fall movement cars are taken at a premium, and it is necessary that those cars be loaded and dispatched as quickly as possible. Please remember that your name can only be on the Car Order Book once at a time. When, however, the car has been supplied and you have sufficient grain for another car, you can place your name on the Car Order Book again.

In the case of certain points where there is not a regular agent, the Board of Railway Commissioners can appoint a temporary agent whose duties shall be similar to that of a regular agent at an ordinary shipping point. It is necessary to secure this appointment and send it in a petition to the Board at least ten days before.

The Board has also power to award cars not at all to be supplied to elevators when they are damaged or in such a state as to require that they be taken to a siding or to a place of storage. Once cars are supplied and at once after the receipt of a declaration from the shipper that the grain is being loaded and shipped, the car is to be returned to the shipper.

Mr. Hirtle will answer questions on grain matters addressed to him through the medium of this paper.
